Schlumberger

Many cultures, one dream

Success without boundaries

Schlumberger

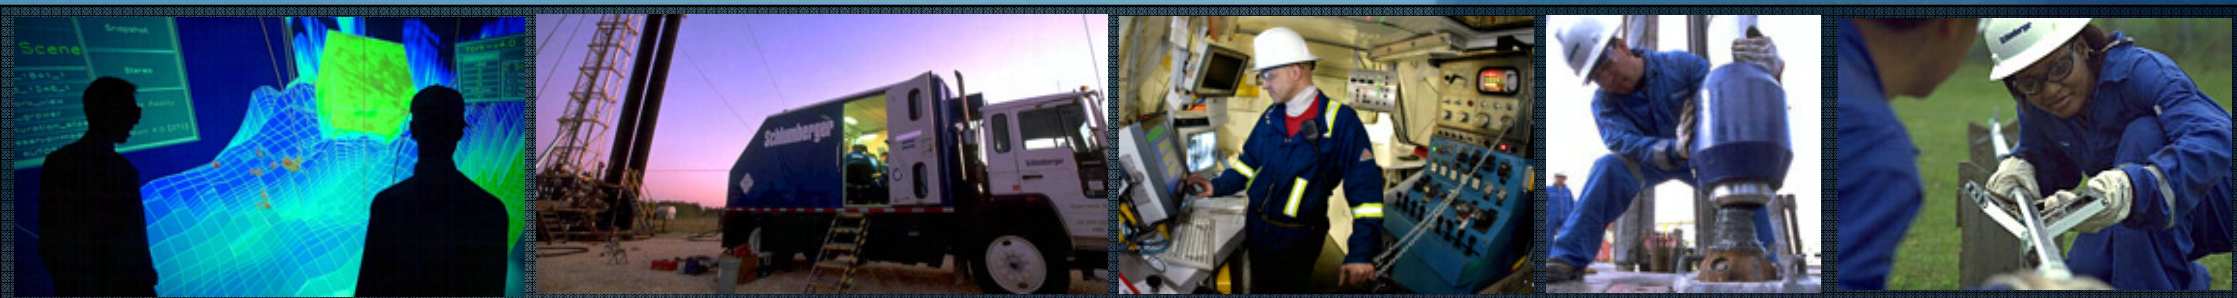

Success without boundaries

Measuring the World

Since the early years of the 20th century, Schlumberger has been measuring the sub surface. Intellectual curiosity and commitment to research and technology are in our roots.

Today Schlumberger is the world's leading supplier of technology, project management, and information solutions to the oil and gas industry.

Schlumberger is...

around 80,000 employees
of more than 160 nationalities
working in approximately 80 countries

2008

Revenue : USD 27,2 billion

Net income : USD 5,4 billion

Schlumberger

Success without boundaries

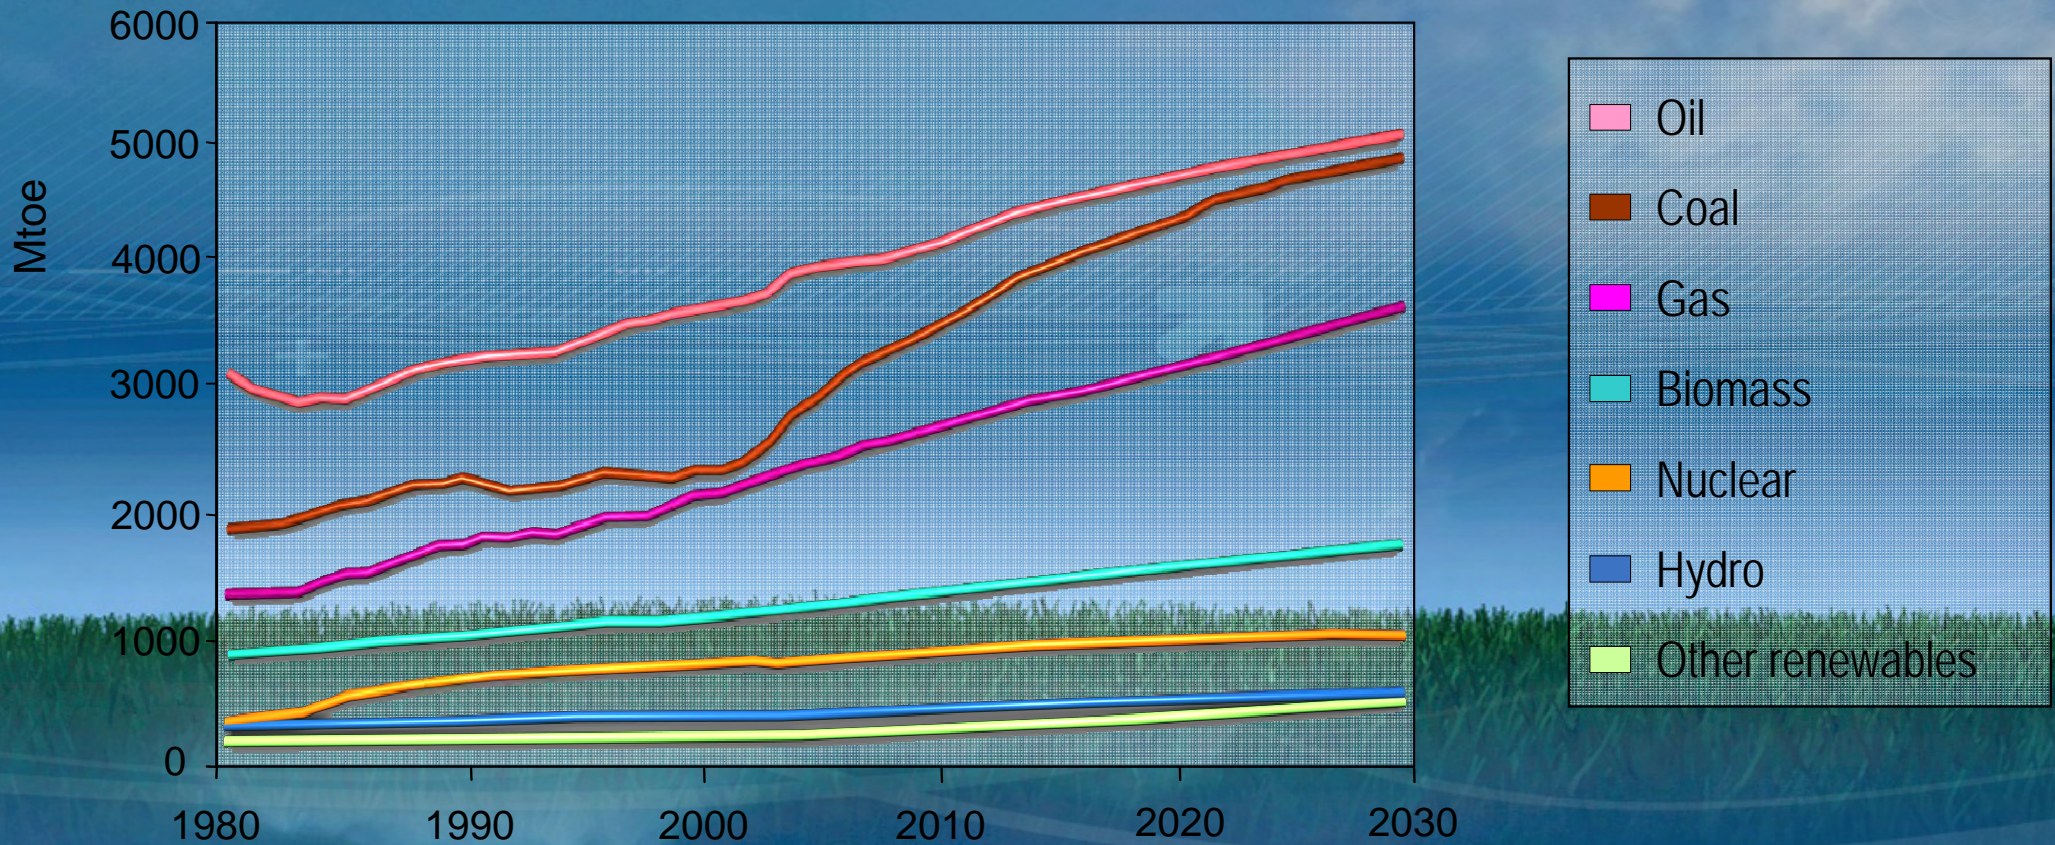

Our values

People
Technology
Profit

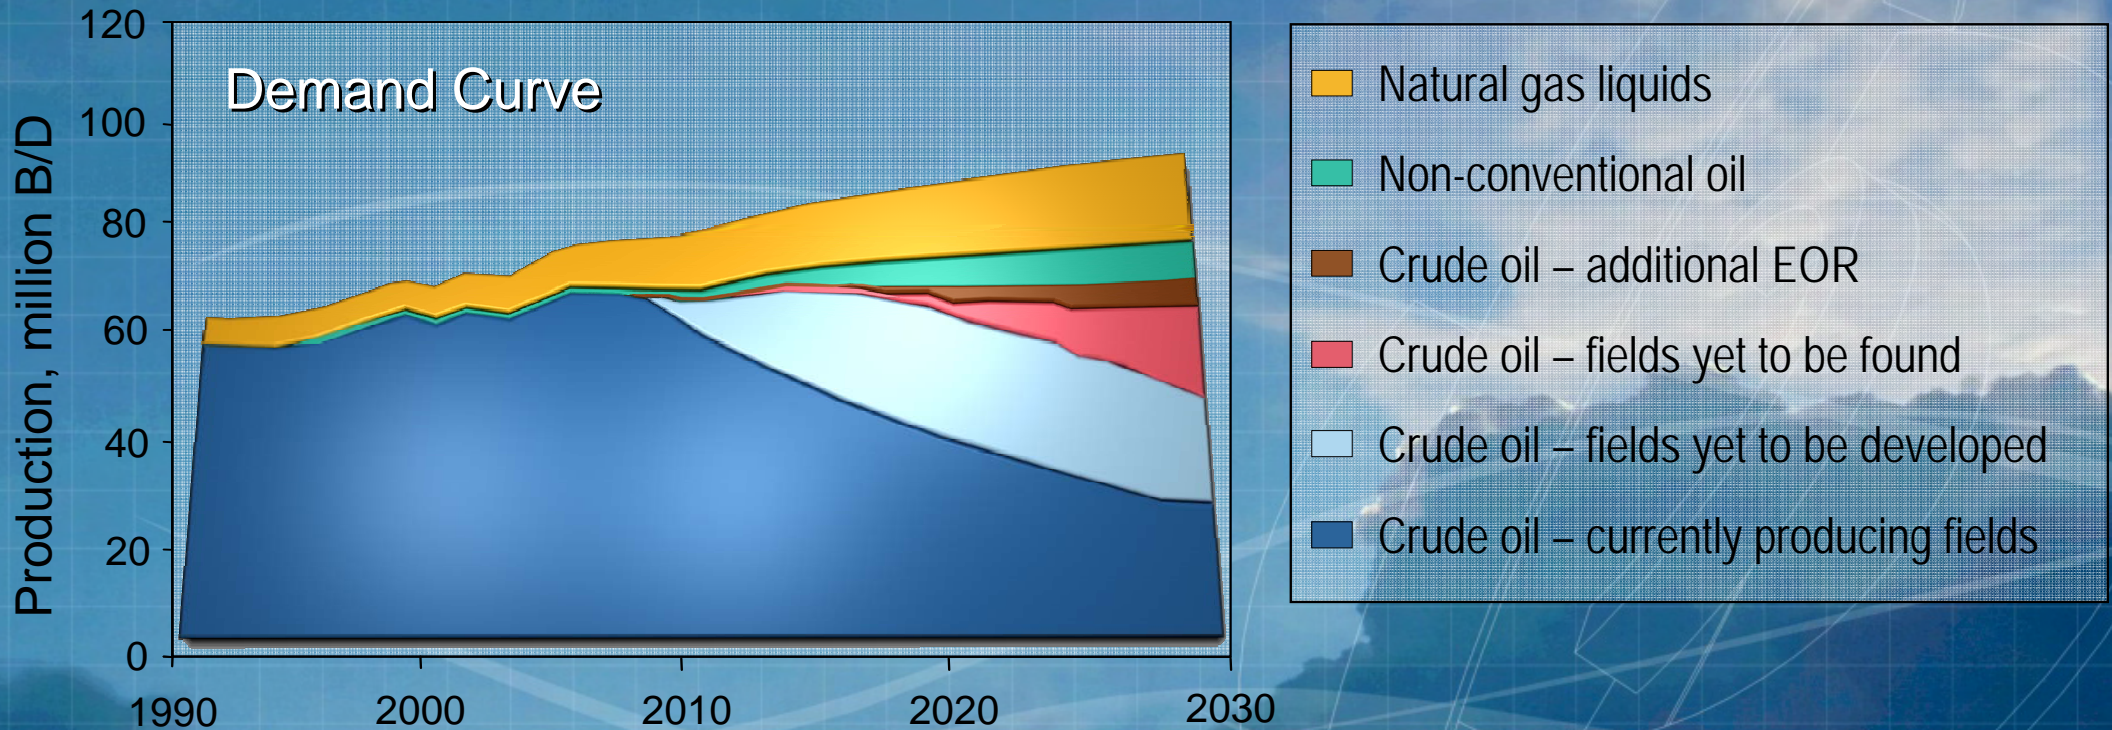

... and the same ethical standards and conduct wherever we work

World primary energy demand by fuel

The Bigger Energy Picture

The only way to meet future energy demands is through technology

The industry key players...

Oilfield Services:

Seismic: WesternGeco, CGG Veritas, PGS ...

Reservoir: Schlumberger, Halliburton,
BakerHughes, Weatherford, BJS ...

Drilling: Transocean, Baroid, Geoservices ...

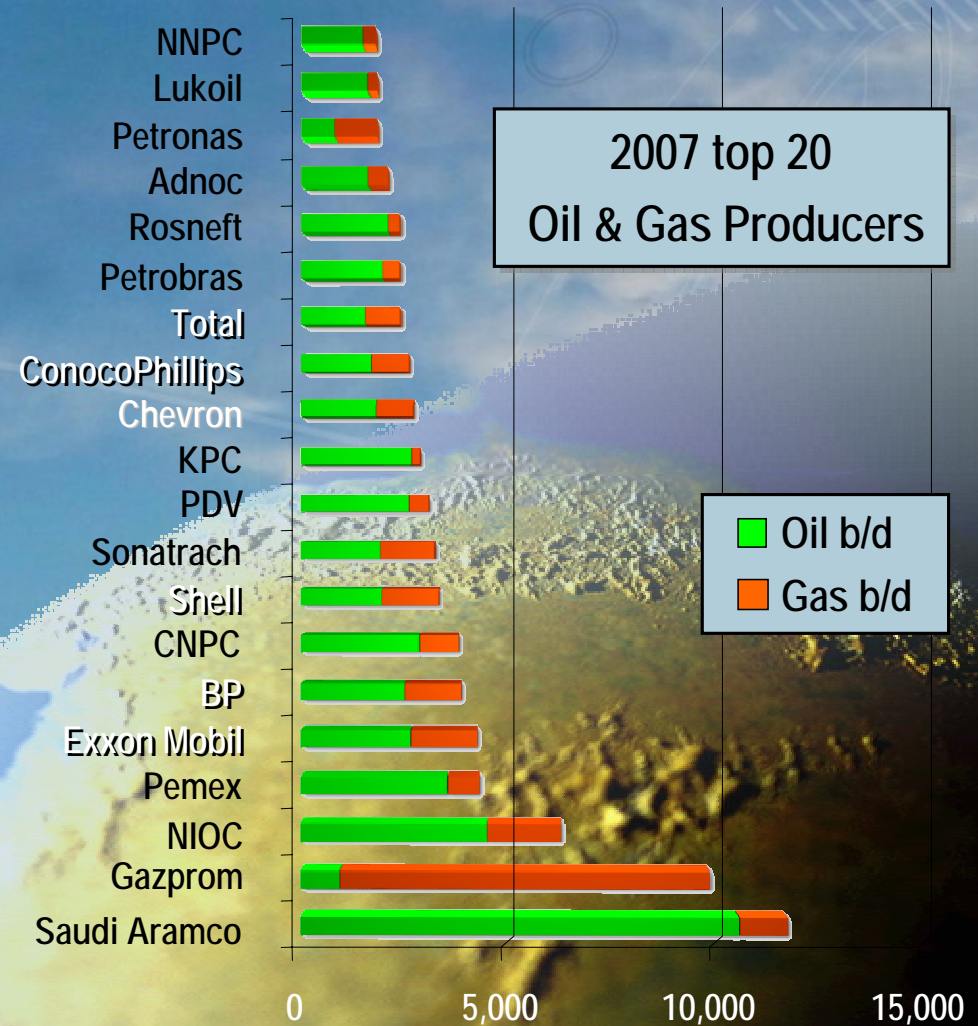

Field Installations:

Technip/Coflexip, Saipem, KBR, SBM ...

Equipment

FMC, Aker Solutions, Vetco, Cameron ...

Source: PIW, 2008

Our people and our technology operate in some of the most extreme environments on earth.

In 2008, we invested \$ 819 million dollars in research and development
... that is more than \$ 2 million dollars a day
... or more than \$ 93,000 an hour!

22% of our revenue ... comes from technologies less than 5 years old

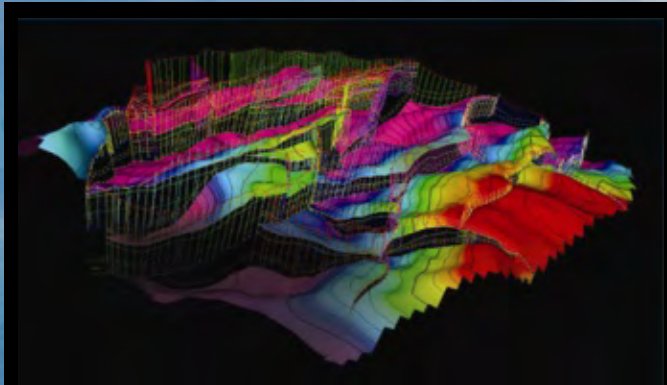

Life of the well

We are also starting to apply our knowledge of the sub surface to other fields.

Water engineering solutions, such as managed aquifers recharging or aquifer storage and retrieval methodologies.

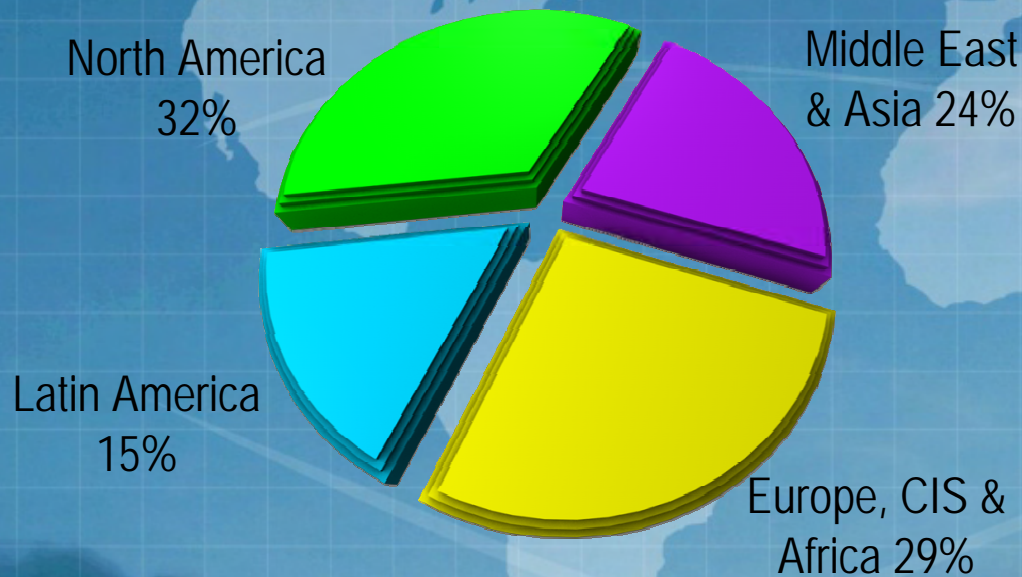

Comprehensive geological storage solutions for carbon dioxide (CO₂), consistent with care for health, safety, and the environment.

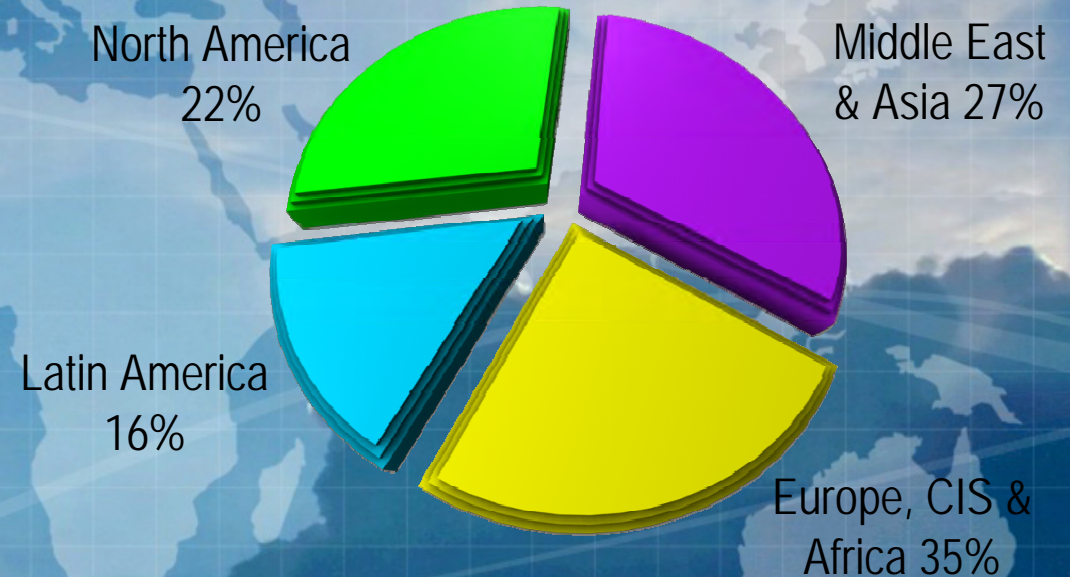

Schlumberger Carbon Services

Global Culture & Local Expertise

Revenue

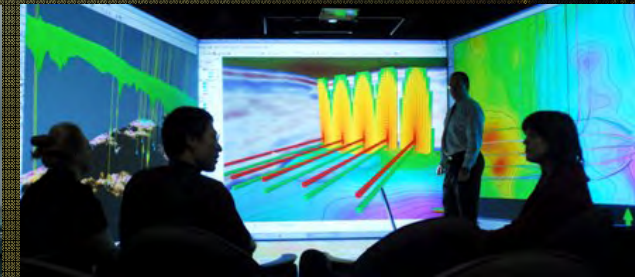

Nationality

- We recruit in all countries where we work
- Promotion is based on performance

A culture built on innovation, team work and true global thinking.

- Working with Schlumberger is academically rigorous, mentally demanding and can be physically tough but the rewards we offer reflect fully the commitment we require.
- Engineers and graduates in applied sciences for positions in the field, in research and engineering, in manufacturing, maintenance...
- ... and much more.

Schlumberger

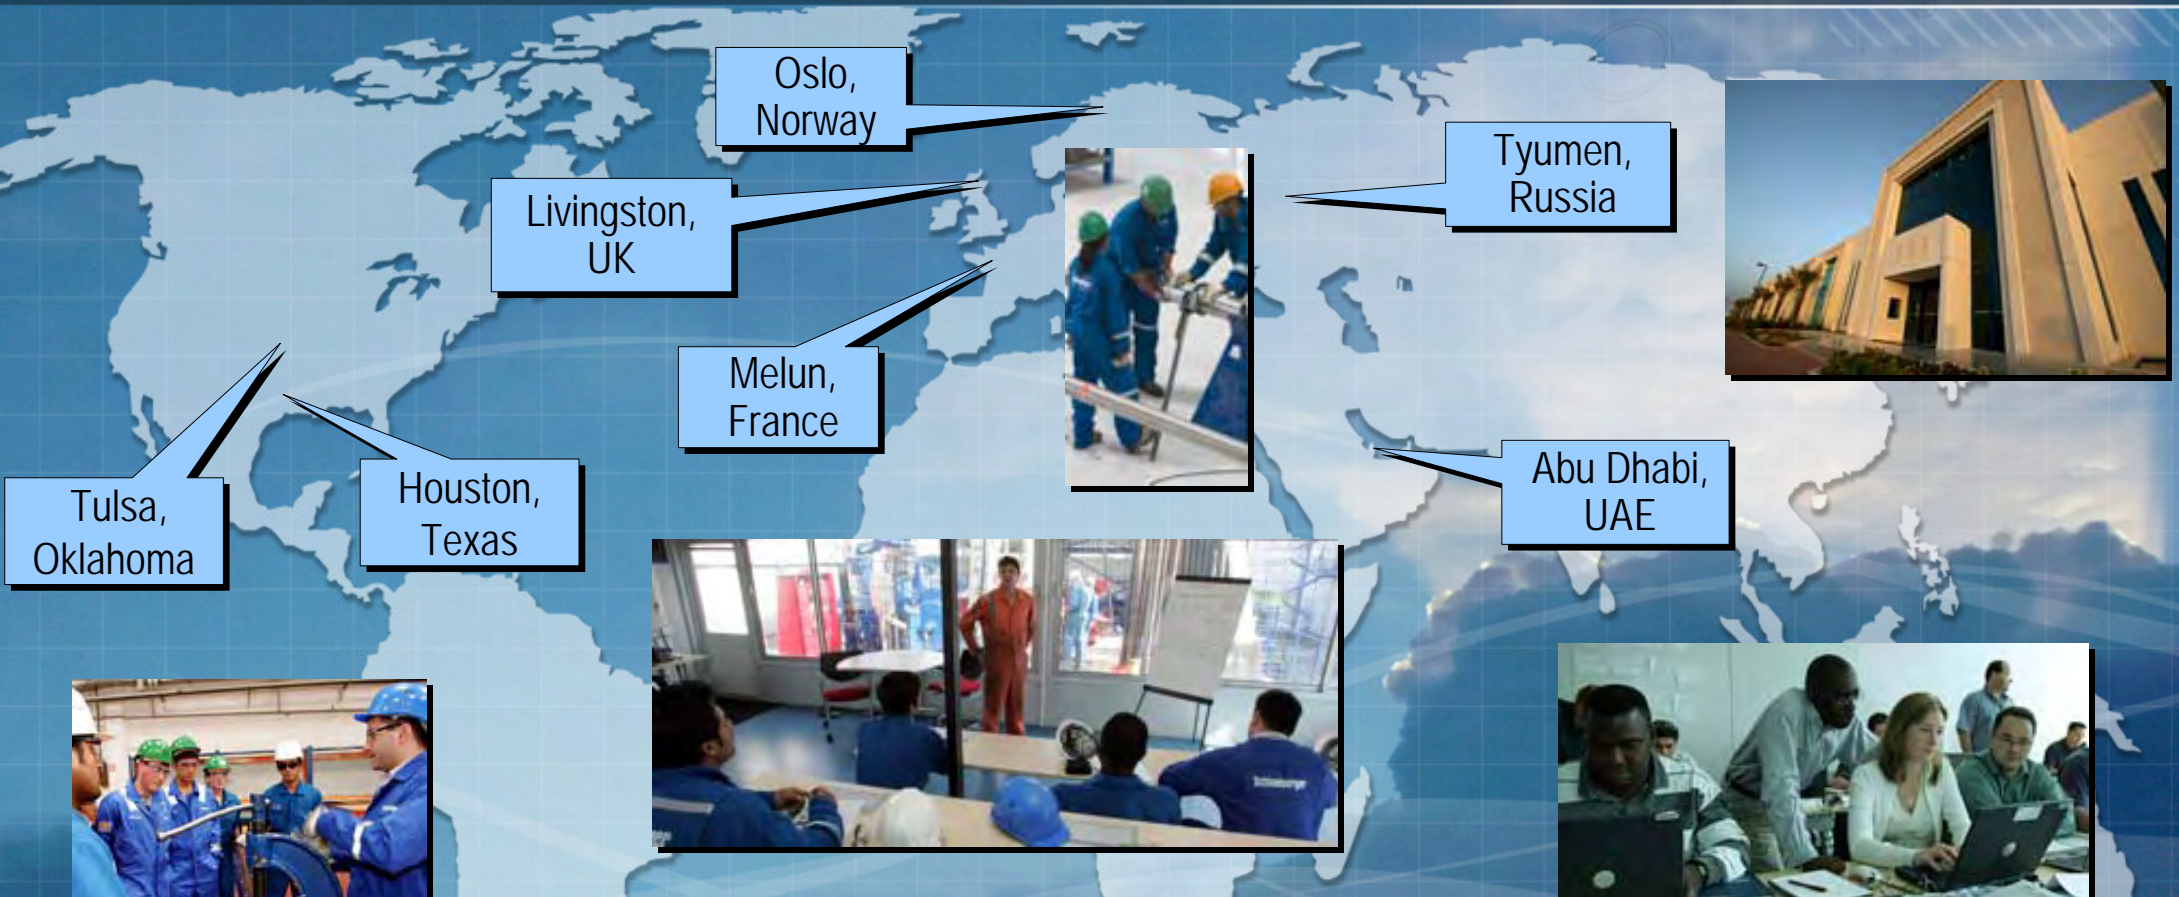

Success without boundaries

Working in the field – as far from an ordinary job as you can get.

Schlumberger

Success without boundaries

Do more, learn more, experience more

Where can your talent take you?

Our diversity and culture lead to our view of ourselves as global citizens

Our Global Citizenship framework focuses on six of the key global issues to which we are connected:

- climate change
- the environment
- driving safety
- malaria
- HIV/AIDS
- science education

We believe that, through thought leadership and our own best practices, we can make a difference.

Schlumberger

Success without boundaries

Schlumberger Excellence in Educational Development

Igniting passion for science and learning in youth and empowering them to use knowledge and technology creatively to meet the challenges of tomorrow.

Since 1998, SEED has:

- Connected over 230 schools to the Internet
- Registered 2,600 Schlumberger volunteers in 75 countries
- Impacted more than 260,000 children in 40 countries

For more information, visit SEED at: www.seed.slb.com

A dramatic sky with a sunburst breaking through dark clouds. The sun is partially obscured by a large, dark cloud mass on the right side, creating a bright, glowing path of light that radiates across the sky. The overall color palette is dominated by deep blues and greys, with the bright yellow and white of the sunburst providing a strong contrast.
